TransLegal®

English is an essential tool for any lawyer working with international matters. Employers need to ensure that the legal staff they appoint have a sufficient level of English to be able to communicate successfully with their clients in English. Equally, law students and newly-qualified lawyers need to be able to prove to their employers that they have these skills.

Cambridge English: Legal (ILEC) is a Cambridge ESOL examination, produced and assessed in collaboration with TransLegal®, Europe's leading firm of lawyer-linguists. Recognised by leading associations of lawyers, it assesses English language skills in a legal context and provides a valuable benchmark for employers, practising lawyers and law students.

International Legal English Second Edition, new from Cambridge University Press, is the definitive course for ILEC preparation and for those needing to work in the international legal community.
